Dear Friends,
Greetings from Ullas.

Team Ullas is proud to share with you that we have been able to reach out to more than 45,000 children in districts of Tamil Nadu through the current year's campaign. Last year we went to 32 districts and covered 151 schools impacting 24,000 children. This year, we still have a month to go in the current academic session and should be able to touch our overall target of one lakh young achievers. As I write this, my team informs me that we have crossed a total coverage of 70,000 children in Tamil Nadu, Andhra Pradesh, Maharashtra and NCR so far in this academic year.

We thank our associates for their unstinted support to the **Touch the Soil** program which enables one to go the district of his/her choice along with 4-5 team members and conduct the **Can Do** workshop for Class IX students and a **Planning** workshop for Class X students in rural government schools.

The teams who have interacted with these young minds have come back with fond memories of the schools they visited and have seen and personally experienced the exuberance and inquisitiveness of bright, bubbly children who do have similar aspirations as their urban brethren and who are battling all odds and constraints to complete their schooling.

We bring you glimpses of the program conducted in the district schools of Tamil Nadu alone and hope that this inspires you to join us in this movement across the landscape of this vast country, **to ignite and transform young minds!**

All it takes, is just an overnight journey on a Friday evening by train to the district of your choice and conduct the program on Saturday in the rural schools. Here is a chance to connect with your ancestral roots!

God Bless
Col Vidyasagar – Head, Ullas Trust.

Ariyalur District

Team Corporate Marketing – Ramakrishnan Ramani, Purushothaman & Vetrivelan Mani led by Srivatsan, met 415 students from 5 schools in Elandaikudan & Keelkavattankurichy.
